STADIUM COMMITTEE MEETS TONIGHT ON SCRIP REDEMPTION

The executive committee of the Washington Memorial Stadium will meet tonight (Friday) to determine the system to be used in the redemption of the scrip that was sold here this summer to raise funds for the installation of lights at the high school field.

RECEIPTS REVEALED

Warren Gravestock, vice-principal at the high school and chairman of the stadium committee, revealed this week that a total of $1,044.35 has been set aside thus far this season for the redemption of the scrip. This amount represents net receipts from the first three football games on the home field. Gravestock pointed out that the third game, played here last Saturday night, showed light receipts because it was a postponed game that was not too well advertised.

He added that although attendance has been near capacity for the games, students of both schools participating are admitted free on student body cards and one-fifth of gross receipts are paid to the government as tax.

Total paid adult admissions for the first three games was 3,285.

5-YEAR GOAL

"We have three more home games this season and if attendance records continue at their present level we should be able to redeem $2,000 of the little more than $10,000 in scrip that was sold," Gravestock said.

Income from the home football games, combined with any receipts from the rental of the field and lights for other activities, should make it possible for the entire indebtedness to be paid off by the end of five years.

Gravestock said this week that although a definite system of redeeming the non-interest bearing scrip will not be outlined until the meeting tonight, it is probable that the money will be paid out by lot at rapidly as it becomes available.

TWO LOCALITES ON RED CROSS BOARD

Mrs. L. E. Bailey and Judge E. A. Quaresma were elected members of the board of directors of the Oakland Chapter Red Cross at a meeting held Monday evening at the chapter headquarters at 906 Fallon Street, Oakland.

YOUTH ADMITS JEWEL THEFT

Richard Lawrence Rose, 19, Campbell, entered a plea of guilty to stealing jewelry valued at approximately $135 on his appearance before Judge Allen G. Norris in Centerville Justice Court last Friday.

The stolen jewelry was the property of Mrs. Edith Black, Irvington, and was taken from a trunk at her home on Prune avenue by the Campbell youth who had been working there as a laborer. He was turned over to the probation officer.

The affair, as in former years, will be open to all veterans of both wars, whether or not they are affiliated with any veteran organization.

VETERANS RECEIVE MEDALS HERE: MORE AWARDS TO BE MADE

Sixteen U. S. Navy veterans of World War II were awarded victory medals last Saturday evening at the Memorial Building in Niles.

Three of the group also received the American Defense Medal awarded to them for being on active duty prior to December 7, 1941. The awards were made by Lieutenant Commander L. W. Musick, Decoto, Naval Reserve Procurement Officer for this area.

MAY STILL RECEIVE AWARDS

Musick stated this week that many additional veterans in the township have informed him that they were unable to appear for their medals Saturday because of previous engagements and so he has announed that these men and women may call on him at the Decoto school to receive their awards.

A representative of the Oakland Army recruiting office was in Niles Friday awarding the medals to army veterans in a mobile unit parked in front of the post office. The Register has been unable to learn the number of medals awarded here last week to the former army men but the unit will be here again today (Friday) between the hours of 9 a.m. and 3 p.m.

VETERANS NAMED

Navy veterans receiving Victory Medals were: Chester Rose, Claude Hamm, Francis G. Rose, Robert Rodrigues, Donald Bragg, George Pekota, Russell Ross, Walter Zbyzenski, Carl Crosswhite, William Marlen, M. W. Chilcote, Richard Blakely, Jack Poole, Theodore Lira, Richard Franco and John Franco.

Those also receiving American Defense Medals were: George Pekota, Walter Zbyzenski, and M. W. Chilcote.

Musick also revealed that seven of the veterans had re-enlisted in the V-6 reserve of the Navy. The enlistees were: Chester Rose, Robert Rodrigues, George Pekota, Russell Ross, Carl Crosswhite, William Marlen and Theodore Lira.

YOUTH CENTER AT NEWARK WILL BE DEDICATED SUNDAY

Two and a half years of untiring efforts of the majority of residents of Newark, representing every organization, church, and business house, will be climaxed Sunday at 2:30 p.m. when the Newark Youth Center is officially dedicated.

The plan for the Youth Center had its inception in the early spring of 1945 when it was decided by certain people in the community that a building was needed where the youths could get together for their scout meetings, parties, and supervised recreation. A plot of land was secured and a building, formerly belonging to the Leslie Salt Company, was moved to Newark from Alvarado and set up on the acquired land.

EVERYONE HELPS

Thence followed a series of paper drives, card parties, movies, bazaars, and other forms of benefits to raise funds for the necessary remodeling of the building. A list of those who contributed to the project by means of volunteer labor and contributions of equipment and cash would read like a Who's Who of Newark. Thanks to the untiring efforts of these workers and contributors a modern bungalow fully and beautifully furnished has now been made available to the youth of the community.

At the ceremonies Sunday the building committee will present the center to the Newark Women's Improvement Club, which will be charged with custody of the building. Organizations that will make the new center their home will be the Boy Scouts, Girl Scouts, Cub Scouts, Newark Sportsmen's Club, and the Newark Women's Improvement Club.

APPROPRIATE PROGRAM

The ceremonies Sunday will be opened by the playing of the national anthem by the Newark orchestra. The Reverend James Forrestal, St. Edward's Church, will deliver the invocation. Following a selection by the orchestra, Chester T. Gunn, chairman of the Newark Youth Center committee, will address the audience. S. G. Scott, secretary-treasurer of the committee, will trace the history of the building, make acknowledgments to those who have participated, and dedicate the building to the youth of the community.

Mrs. Ruby Rogers, president of the Newark Women's Improvement Club, will deliver the speech of acceptance. Benediction will be offered by the Reverend Carl D. Soults, pastor of the Newark Presbyterian Church.

Open house and refreshments will close the festivities.

WILL ATTEND COUNTY COMMISSIONERS CONCLAVE

Mr. and Mrs. R. J. Wright of Irvington will leave Wednesday for Los Angeles where Mr. Wright will attend the state convention of County Planning Commissioners.

Wright is the newly-elected chairman of the Alameda County Planning Commission. The couple will make the trip by automobile and will return to their home here Monday, October 27.

CHURCH LAYMEN IN CHARGE OF SUNDAY SERVICES

Dr. W. F. Lamoreux of Niles will deliver the main message at the regular morning service of the Niles Congregational Church next Sunday, October 19, in the absence of Rev. Donald Kirkbride, who will be away at a three-day religious conference in Berkeley.

KLATAWA COUNCIL TO FETE SPORTSMEN

One of the largest affairs of the fall social season will be held next Monday evening, October 20, when the Klatawa Council of Pocahontas, Niles, hosts a party for the Niles Sportsmen and their wives.

Mrs. Burlia James, general chairman of the affair, promises an evening of fun and fine fare, and the members of Pocahontas and their husbands, as well as the Sportsmen, are looking forward to a gala evening.

The party for the Sportsmen was motivated because of their recent courtesy in relinquishing Odd Fellows Hall when Klatawa Council needed it for initiatory ceremonies.

GIVES WARNING ON OVERSEAS GIFTS

Persons planning to mail Christmas packages and cards to men and women overseas in the armed forces were warned this week that to be sure that the parcels are delivered by the holidays they should be mailed between October 15 and November 15.

Those sending packages to Japan, Korea, and the Pacific islands, should have them in the mails not later than November 1, and those sending Christmas cards to these and other points throughout the world should get their greetings in the mails not later than November 15.

This year no requests are necessary to mail packages but the parcels are limited in weight to 70 pounds and 100 inches in length and girth combined. Postmasters have warned that all valuable articles should be registered or insured.

Particular warning was given to the fact that Christmas cards must be sealed and mailed first class, as only sealed, first class mail will be sent overseas.

HALLOWEEN PARTY FOR NILES ROTARIANS, WIVES

Niles Rotary Club members and their wives are looking forward to a gala evening on the night of October 25, when the annual Halloween party will be given.

The scene of the festivities is the International Kitchen. Following dinner, which will be served at seven o'clock, entertainment and dancing will follow.

The prescribed dress for the evening is levis or jeans for the men and cotton dresses for the ladies.

Dr. T. C. Wilson has charge of the arrangements and reservations.

COMMUNITY CHEST RETURNS REPORTED 'DISAPPOINTING'

Reports from chairmen heading the Community Chest campaign in Washington Township, at the close of the first week of the three weeks' drive, indicate that contributions are coming in at a snail's pace.

ONE-THIRD OVER

With the fund-raising campaign one-third over, many of the solicitors reported that the contributions had been so light that it was doubtful if the $6,000 quota could be attained by the closing date, October 31.

Judge Allen G. Norris, chairman of the initial gift committee, stated yesterday that the contributions from the large industries were just beginning to arrive in the mails but did not reveal the amount that had been received to date.

"Donors should bear in mind that their contributions must be divided among three organizations, the Boy Scouts, Girl Scouts and Salvation Army," Warren Gravestock, campaign manager, said yesterday. "These three groups are dependent upon returns from the campaign for their existence."

MAY BE EXTENDED

He pointed out that the solicitors are donating their time and services in making the canvass for funds and has asked that those persons who might have been away from home when the solicitors called, make it a point to contact their local chairman and give their contribution.

Asked if the length of the campaign would be extended should the amount raised in the three weeks' period not reach $6,000, Gravestock replied, "Certainly it will, we must meet our quota."

MISSION SAN JOSE VOTES BOND ISSUE

Residents of Mission San Jose voted a bond issue of $40,000 to be used in construction of a sewer system in the community at a special election held Tuesday.

Election officials, Joseph F. Perreira, Arlinda Garcia, and Josephine Fernandez, reported that a total of 141 votes were cast with but one ballot keeping the vote from being unanimous in favoring the bond issue with 140 for and one vote against the proposition.

The directors of the Irvington Sanitary District who called the election following the annexation of the Mission to the Irvington district, will meet in the Leal building, Irvington, Tuesday evening to canvass the ballots.

R. J. Wright, secretary of the Board of Directors of the Irvington Sanitary District, stated this week that the bonds will be sold in $1,000 denominations to bear interest of not more than five per cent per annum.

ANNUAL PARTY IS PLANNED BY LIONS

Committees for the annual benefit whist party of the Centerville Lions Club, to be held at the high school gymnasium the evening of December 11, were appointed by President Dwight Thornburg at the regular meeting Tuesday.

Jack MacGregor was named general chairman, to be assisted by Tom Maloney as co-chairman; Arthur Belshaw, publicity; and A. E. Alameda and Arthur Cotton, prizes.

The membership was divided into three teams to be captained by Walter Connolly, Robert Moore and Harry Weber, for the advance sale of tickets.

One new member, Lowell Creighton of Niles, was initiated into the organization at Tuesday's meeting at the International Kitchen.

WINNER OF SPORTS EVENT NOT KNOWN

The sale of rubbing alcohol, adhesive plasters and linament zoomed here this week as the result of a donkey basketball game Wednesday evening between the Centerville Lions Club and the Knights of Columbus.

The members of the two organizations admitted between moans yesterday that it was the hard way of raising money as a benefit affair and were determined that any future benefit functions be more along the lines of a checker tournament.

SCORE NOT KNOWN

Just who came out on the top half of the score will probably never be known, as the score-keeper became so engrossed in the happenings he forgot to record the tallies.

"Properly" dressed for the occasion but hardly up to the standards of the traditional western cowboys in remaining "aboard" a none-too-cooperative steed were Judge Allen G. Norris, Arthur Belshaw, Leonard Miller and Ralph Goodwin. Substitutions on both teams were plentiful during the evening.

In keeping with the motto, "Show Me," of their home state of Missouri, the donkeys much preferred just sitting and watching the spectators to cavorting about the field carrying a hunk of "would-be" athlete.

A SURPRISE PACKAGE

It was agreed by the estimated 1,200 spectators that Judge Norris sits much more gracefully on a court bench than on the back of a burro. Thursday morning he received a large bundle from the Lions Club which contained a pair of crutches and an air cushion.

NEWARK COUPLE CHARGED WITH THEFT

A complaint signed by Manuel M. Santos, Centerville, has been filed in the Niles Justice Court against Bentz Hester and his wife, Dorothy, of 550 Mulberry street, Newark, charging them with petty theft.

They are free on bond of $500 each and will appear before Judge Quaresma in court here today (Friday) at 3 p.m.

They are alleged to have taken a fog light from a filling station operated by Santos in Newark.

SCHOOL BUS ROW LEADS TO STABBING OF NILES STUDENT

A school-boy argument Wednesday afternoon over whether a school bus window be open or closed sent one Washington Union High School student to Alameda Hospital suffering from a stab wound and another student sent to jail as his alleged assailant.

The hospitalized victim is Bill Jones, 16-year-old son of Mr. and Mrs. Harry Jones, Niles Canyon, a high school sophomore, and his assailant is Trinidad Gonzales, 16, Vallejo street, Niles, a school freshman.

ON WAY HOME

According to other students on the bus, an argument between the two youths began shortly after the vehicle left the school at 3:30 p.m., when Gonzales was asked to close the window next to which he was riding. When he refused to comply with the request, the argument began.

When the bus made its first stop at Niles near the Schuckl Cannery, the two boys got off to "have it out," followed by many student spectators.

Earl Wallace, bus driver, reported that he was not aware of anything wrong and departed to complete his route.

FLEES SCENE

According to statements made to investigating officers by the two youths, Gonzales then pulled a "snap" knife with a blade of approximately 3½ inches out of his pocket and stuck the blade into the Jones boy's abdomen just below the ribs.

Gonzales then dashed up First street in Niles, hotly pursued by a band of belligerent students. He was cornered in a rest room of the Peerless Bus Depot by Burlia James, Niles, who held him until Deputy Sheriff Henry Vervais arrived.

Young Jones was taken to the office of Dr. Lyle Buehler and was later transferred to Alameda Hospital in the Dallas Paul ambulance. A report from the hospital yesterday stated that the boy's condition is not critical as the knife blade did not penetrate any vital organ.

SISTER DISCARDS KNIFE

Norma Gonzales, sister of the knife wielder, led police to the spot where she had thrown the knife after her brother had handed it to her to get rid of it.

Gonzales is on parole for the burglary of the Niles Garden Basket several months ago, and was more recently released by the probation office after he admitted burglarizing the Rees Drug Store in Niles while he was still on parole.

MOVIES OF AZORES

A three-hour motion picture will be shown this evening (Friday) at the Newark Pavilion at 8 o'clock. The film will be on the Azores Islands. The public is invited to attend.

NILES 'GHOST' GIRL RUSHES THE SEASON

* * * * * * * * *

DAME RUMOR HAS HER SHOWING UP EARLY

The Ghost Girl of Niles Canyon almost upset the applecart of tradition this week by being the subject of a rumor that spread all over Niles.

The Ghost Girl—in case you're not informed—is the apparition of a girl that is said to appear every year on February 26. For it was on February 26, nine years ago, that a young girl was killed on the Niles Canyon Highway. Since that time her image is said to appear on the highway every year on February 26 at the identical spot on the road where she was killed and where she gaily waves to the passersby and hitch-hikes rides with westbound motorists. The odd thing about the whole thing is that as soon as the motorist, who gives the girl a ride, arrives at the toll gate of Dumbarton Bridge, the girl has miraculously disappeared! Eight different drivers have related the same story.

This week the Perry brothers, truckers of Niles, were reported to have come into Niles "with faces white as sheets." According to rumor they had picked up a girl in the canyon and, at the entrance to Niles, the girl had vanished. And the truck hadn't even stopped!

The story got all over Niles and Niles old-timers shook their heads and said sagely, "Yep, it's the Ghost Girl again. But what in tarnation is she doin' in the canyon this time of year! She's not supposed to be a-flittin' around until February!"

The townfolk were puzzled. The Register, puzzled also, tracked down the weird tale. When Ernest Perry was contacted he laughed. "Gosh," he said, "it was only a joke. My brother was kidding somebody. We didn't pick up any girl at all—certainly not the Ghost Girl!"

So it was just a little trick that Old Dame Rumor played on the townspeople of Niles. And now the Ghost Girl can go back to her "haunts" and won't have to be mentioned again until next February.

PROPAGANDS vs. PRODUCTION

The "new" Communist organization designed to fight "American imperialism" has brought more into the open the economic ideological warfare raging between Russia and her unwilling satelites on the one hand and the United States and the Western World on the other.

What the conflict really boils down to is Communist propaganda versus American production. Without doubt, the one thing the Soviets and their cohorts fear most of all is America's productive capacity. They know that if the peoples of Western Europe receive enough American goods and food to help them back on their feet the hope of Communist control in that area will vanish.

The Russians have no goods to offer these countries as a means of creating good will towards the Kremlin. And even if they had the goods to spare they would hesitate to share them since Communism thrives chiefly where lack and despair are the greatest. Their only alternative then is to block American aid in every conceivable way.

They hope by shoutind long enough and loud enough about our efforts to "enslave" Europe through the Marshall Plan, they may be able to intimidate some of the countries into refusing our aid.

If that doesn't work—and it isn't likely to except where they can apply direct pressure as in the case of Czechoslovakia—the next move will be to stir up "resistance" to American help among the people. This will probably take the form of mass protests from Communist-dominated labor groups.

In other words, they are determined to keep Europe in chaos. We must be equally determined for selfish as well as unselfish reasons, to do all we can to prevent them from succeeding.

WENDELL WILKIE

Three years ago this month—October 8, to be exact—Wendell Wilkie suddenly passed away. His death was a great loss to America, for, regardless of what some may have thought of his politics, he probably did more than any one other man to awaken the nation to the need of world-wide thinking.

His dream of One World—a great community of nations and peoples working together for their common good—was not realized in his day. Nor does it seem likely to be in ours. But some day it will come true. Some day the greed and fear and suspicion that divide men will melt before mutual trust, understanding and friendship.

How long it will be before that comes to pass no man knows. But on the tombstone of the man who championed One World are words which will hasten that day when they are heeded by all men. Here are some of them:

"It is inescapably true that to raise the standard of living of any man anywhere in the world is to raise the standard of living by some slight degree of every man, everywhere in the world.

"Whenever we take away the liberties of those whom we hate we are opening the way to loss of liberty for those we love.

"The moral losses of expediency always far outweigh the temporary gain.

"The test of a people is their aim and not their color."

IN 'DARKEST WASHINGTON'

A bi-partisan commission headed by Herbert Hoover is about to start a trek into the dense jungles along the Potomac. Its purpose is to find the simple structure of Government that disappeared long ago in the overgrowth of departments, agencies, and Government owned corporations.

As the commission proceeds on its journey it will have to cut its way through endless tangles of red tape. It will also undoubtedly come in contact with some of the ferocious "tribal" heads who have successfully resisted past invasions into their sacred domain.

As we said, the commission's expedition is merely exploratory. It does not plan to "bring 'em back alive" in the daring Frank Buck style. But when it has located the long-lost simple structure of Government it will beat its way back to civilization and report to Congress and the people on its findings.

Then it will be up to the lawmakers to start cutting down the deadwood and leveling off the jungle. If they do the job right Washington will be much less populous but also much less bewildering. In fact, in time to come it may be possible for any ordinary citizen having business with the Government to go to the capital without hiring an expert guide to keep him from getting lost, or an interpreter to translate the mumbo jumbo spoken along the Potomac.

Maybe that is too much to hope for but we can dream, can't we?

RENEW ACTIVITIES AT WARM SPRINGS

The first fall meeting of the Warm Springs Chamber of Commerce was held at the grammar school there last Thursday evening with 14 members in attendance.

President Orville Leitch, who presided, appointed a nominating committee composed of Mrs. Nellie Gomes, Mrs. Rose Brown and John Souza to draft a slate of nominees for offices to be filled at the election next month.

Main topic of discussion at the meeting was the purchasing and erection of highway signs to be located at the outskirts of the community. No definite action was taken and the project will be reconsidered at the next meeting. It was voted to abandon the plans for a benefit card party scheduled for next month as the date coincided with the date selected by the Centerville Fire Department for its benefit affair. It was voted instead to solicit contributions to help build the fund of the Warm Springs Fire Department.

Ranches, mills, mines and many other concerns in Mexico are compelled to maintain schools for employees and their children.

Thinking Things Over...

By VIVIAN BATMAN

It happens quite frequently that a member of some organization will come into our office and say earnestly, "Now of course you understand that this is purely a benefit affair so we thought you'd give us a special price on printing these tickets."

We wish quite heartily that we could accommodate, but there's one little item our printing customers fail to consider: A very large amount of our printing is done for organizations, all of whom put on benefit affairs!

Now it doesn't take an Einstein to deduce that if we were to make a practice of reducing our printing prices for benefit affairs, it wouldn't be many weeks before some organization would have to be putting on a benefit affair for the Batmans!

WHICH ARE YOU?

There are two ways of doing things for people. You can perform acts of kindness graciously, or you can perform them grudgingly.

I have a friend who is so gracious about doing things for people that she almost makes you feel that you are doing HER a favor in allowing her to do things for you. She will do all sorts of tedious and tiring things for you but her reply will always be, "It was no trouble at all. Why, I had fun doing it!"

On the other hand there are people who will say, for example, "Yes, I'll wait for you. Of course, it will make me late, but never mind." Or, "Yes, I'll do that errand for you while I'm shopping. Of course, it's out of my way and I'll have quite a load to carry, but I guess I can manage it."

If you're the latter kind of a friend, try to be the former. People will love you for it!

P.T.A. WILL LIGHT TENNIS COURTS

The chief 1947-48 project for the Washington Union High School P.T.A. will be the lighting of the tennis courts at the school, it was decided at the organization's first meeting of the season held last Thursday evening.

Encouraged by the report that the receipts from the first three night games here this season were greater than the total receipts for the entire football season last year, the P.T.A. voted that the tennis court project would constitute their annual gift to the school.

The unit also voted to give their first two life memberships to benefit the P.T.A. scholarship fund and Mrs. George Scamman was named chairman of a committee to choose the two honorary life members. Mrs. Lillie Robinson, president, who presided over the meeting, stated that the recipients will be named in February.

Another event scheduled for the year is the annual Football Dinner to be held in December at which the squad and coaches will be the honored guests. Mrs. Reginald Calhoun was named chairman of the committee to arrange this affair and was also named unit delegate.

Mrs. Janet Bruner was appointed welfare chairman for the year.

Approximately 40 members attended the initial meeting, which was followed by refreshments and a reception for the new teachers.

In primitive societies the taking of interest for the loan of goods or services rendered, in transactions between members of the same community, was unknown. All that was expected was the return of similar goods or services.

OUR READERS WRITE . . .

The Editor, Sir:

This is to inform you that the William T. Humphreys Post 732, of the American Legion has sponsored a resolution favoring the establishment of a Junior College in Alameda County, and our resolution was approved by the 10th District of the American Legion, Legion Posts of Alameda County, which comprises all the American meeting in a body.

The proposal to establish a Junior College on the grounds of the former Livermore Naval Air Station, is an excellent one. It would materially benefit all veterans attempting to further their education in our present overcrowded institutions of learning.

Niles, Livermore, and the rest of Alameda County pay $0.03 of the basic county tax rate for the tuition of students attending out of the county Junior Colleges. This money, plus other monies spent for transportation, meals, etc., should stay within the county.

We recommend the endorsement for the establishment of a Junior College in this county.

Very truly yours,
RICHARD DOMBRINK
Service Officer, Post 732.

YOUTH NEEDS TO BE DISCUSSED BY P.T.A.

The regular monthly meeting of the Niles P.T.A. will be held next Wednesday afternoon in the Niles school auditorium at 2:30.

According to President Mrs. A. W. Gorman, several important matters are slated for discussion and it is hoped that as many mothers as possible will show up for the meeting as it is the first business meeting of the year.

A report on the current membership drive will be given at this time.

One of the highlights of the meeting will be a talk by Mr. Donald Kirkbride on the needs of youth in this district. Mr. Kirkbride, who has been successful in recreational work with young people, is expected to explain the dire need in this community for more recreational activities for young people.

Following the business meeting a short skit will be staged by the Girl Scouts of Niles Girl Scout troop two, under the direction of Mrs. Henry Vervais.

OFFICERS ELECTED FOR NILES CHURCH

The annual business meeting and pot-luck supper of the Niles Congregational Church was held in the social hall of the church last Thursday evening.

Dr. W. F. Lamoreux, chairman of the church board, announced that the following officers were elected: Mrs. Joseph C. Shinn Jr., re-elected clerk; Mrs. Paul Offel, deaconess; and E. A. Ellsworth and Paul Offel, trustees. Deacons and a Sunday School superintendent are yet to be chosen.

California was almost the last western state to establish a systematic state plan for appropriating water and supervising water diversions.

For Perfect LAND LEVELING and SEED BED PREPARATION

MODEL 25—Width 12'10", length 32', cutting blade length 9'3", depth 22", requiring 38 H.P. (drawbar).

MODEL 12—Width 12', length 21", cutting blade length 9'3", depth 16", 3 plow tractor. Model 9 shown at top of page slightly smaller for 2 plow tractor.

MODEL 35—Larger, longer, more dirt capacity than Model 25. Both 25 and 35 have main frame spliced for converting in field to maneuverable dirt mover.

The only leveler with patented crank axle that moves the blade up and down in the frame as it goes across the field—when wheels go on high place the blade AUTOMATICALLY lowers to gather a load—when wheels go into a low place the blade raises to release enough dirt to fill. It mulches the soil, breaks clods, forms a finely pulverized seed bed as the machine moves along.

Also excellent DIRT MOVER. Patented wheel lift raises and lowers the whole machine and gathers or releases a big load of dirt wherever you wish. Here's a 3 purpose machine for dirt moving, leveling and seed bed preparation...a machine you'll need year after year. One inexperienced man and your present tractor operates it.

Get your DIRT MOVING done this FALL and have the samemachine for finish leveling and seed bed preparation in the SPRING.

Safeway's Meat Counters are Open on Tuesdays

(and every day except Sunday)

HERE IS WHY:

1. Many people need fresh meat in some form every day as prescribed by their physicians for specific health conditions.
2. Certain creeds and religious faiths may observe a day other than Tuesday as their meatless day.
3. Many consumers may find it necessary to buy their meat on Tuesday for use on Wednesday.

In having meat for sale every day Safeway is simply fulfilling its obligation to serve the needs of all customers.

In addition, Safeway believes that an important contribution will be made to cutting down waste by maintaining an even flow of perishable foods from producer to consumer. For its part, Safeway intends to wholeheartedly cooperate with President Truman's program by doing everything possible to eliminate spoilage and waste in its stores and warehouses. Closing the stores or withholding food from sale on any business day would simply mean an extra storage period for perishable foods which in turn would increase the amount of waste and spoilage.

SURPRISED!

A grand surprise double birthday and wedding anniversary party as well as a house warming was held Saturday night, October 11, with the Thomas F. Cunhas as the much surprised couple.

Twenty-three years married on both their birthdays and just having moved into their new home on Ellsworth street, the folks of town thought it would be fun to have an initiation of the home, so, armed with cakes, soft drinks and otherwise, and a lovely end table and lamp, they stormed the Cunha household about eight while other friends kept them busy at a card game. All guests assembled in their parlor assisted by Shirley Cunha who was wise to the whole affair and left the door unlocked, and sang "Happy Birthday" so loud that the Cunhas looked to see what the score was. Surprised indeed.

After an enjoyable evening of perdo for the men and bingo for the ladies and other men, they were served a huge birthday cake and many other varieties of cake and coffee.

Guests were: The honored couple, Tom and Hortense Cunha and Shirley and Elmo Cunha, Jo and Josephine Souza, Mr. and Mrs. Matt Silva, Marie, Margaret and Henry, Mr. and Mrs. Frank Albert, Ronald, Robert and Randy, Mr. and Mrs. Tony Perreira, Winifred Fernandez, Nadine and Marlene and Sonny, Miss Adeline Telles, Mr. and Mrs. Manuel Phillips, Gary and Stanley, Mr. and Mrs. Frank Brown of Centerville, Mary and George Rodrigues, Dorothy and Maralyn, Lois and Glenn Bottenberg, Mr. and Mrs. Dutra, Douglas and Anthony of Newark and her wards, Earl Serini, Eleanor, Junior and Frank Carnado, Grandmother Andrade, mother of Hortense, Richard Meyers, Donnie Meyers, and Mr. and Mrs. Joseph Borge, Elaine and Jackie.

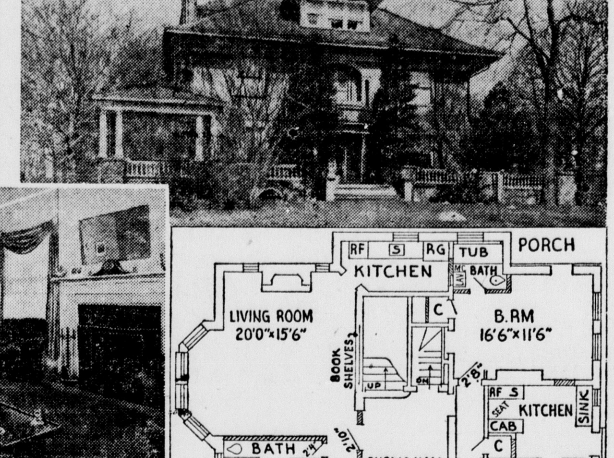
Reconversion of Old Homes Offers Speedy Way to Provide Rental Housing

Housing projects being carried on in Montclair, N.J., are demonstrating that the fastest and most economical way to provide rental dwellings for war veterans is by conversion of existing single family houses into apartments. The success of two builders, T. Scovill Snyder and C. Wesley Townsend, in converting 18 old houses into 90 spacious apartments, illustrates what can be accomplished in many other cities burdened with a housing shortage.

In 1942, Mr. Snyder and Mr. Townsend formed Montclair Homes, Inc., and invested $7,000 in the purchase and remodelling of the first house for war workers. Today, their capital investment is $400,000 and more than 50 percent of their 90 apartments are occupied by young war veterans and their families. Only two months elapse from the time a property is acquired until the apartments are ready for occupancy.



One of the 18 old homes reconverted in Montclair, N. J., to provide housing for veterans, the 11-room single family residence (top) is shown after it had been remodeled into five apartments. The exterior remains the same except for a new roof of asphalt shingles, painting and minor alterations. The living room (above) is typical of the spacious, airy rooms in the apartments.

The floor plan (above) illustrates how the first floor was converted into two apartments with a central public hall.

Montclair, like many comparable cities of 50,000 population, has experienced a deterioration of large and costly 12 and 14-room private dwellings with an acre or more of landscaped ground. To maintain the high standing of the residential community, the two builders improved the exterior of the old homes, yet left their original architecture virtually intact. All outside work was limited to construction of necessary fire escapes in the rear, which also provide a rear private entrance to all apartments; encloseure of open porches to provide extra bedrooms; painting and redecorating, and recovering curled and weatherbeaten roofs with fire-resistant asphalt shingles. The color of the asphalt shingles harmonizes with the sidewalls of the house and neighboring homes.

Low Rent for Apartments

Apartment rents have been maintained at a low level, averaging slightly more than $60 a month. A 4½ room apartment, consisting of a spacious living room with a fireplace, two bedrooms, a modern kitchen and bath rents for $62 a month, including gas, electricity and water. The apartment is one of six in a former 14-room single family home which retains its "look" of a private residence. The house has an acre of landscaped ground around it and the tenants are encouraged to plant vegetable and flower gardens.

"At the start of our reconversion program," Mr. Snyder explains, "we had to overcome the serious objections of adjacent property owners. We soon won their support and approval by demonstrating that our purpose was to improve rather than detract from the appearance and high standing of the community.

"In continuing our program for veterans housing, we are financing the remodelling with FHA insured loans under the provisions of Title 1. Our experience shows that veterans prefer to rent an apartment in one of our homes rather than live in a conventional apartment house. They have ample space for outdoor recreation for themselves and their children, and they can indulge in their hobbies as in a home of their own."

VATICAN CHOIR IN SAN JOSE

One of the outstanding musical events in this area will take place at the auditorium, San Jose, Sunday evening, October 19, when the famed Vatican Choir will appear in concert.

Under the direction of Rt. Rev. Msgr, Licinio Refice, one of the world' foremost composer-conductors of liturgical music, the choir—composed of 60 selected voices, will offer a program of sacred music of all churches.

Of the 60 voices in the choir, 24 are boys from 8 to 15 years of age, while the rest are adults. They were brought together from all over Italy, having been selected for the excellent quality of their voices, to sing in the major basilicas of the Vatican: St. Peter's, St. John Lateran, Santa Maria Maggiore and the Sistine Chapel.

The members of the choir are a colorful group, appearing on stage in surplices and cassocks identical to those that have been worn for hundreds of years. Their a capella singing, which offers the "voce blanche" or white voice, is as old as Christianity itself.

Tickets are on sale at the Denny-Watrous box office, San Jose auditorium.

BATTERY TRIAL HERE TODAY

Sam Marsh, Niles, defendant in a battery complaint filed here last week by Ralph Gregory, also of Niles, appeared before Judge E. A. Quaresma in Niles Justice Court last Friday and entered a plea of not guilty. Marsh waived jury trial and his case was set for 3 p.m. today (Friday). He is free on $100 bond.

SENSATIONAL STAR SINGS IN SAN JOSE

Florence Quartararo, widely hailed as one of the great voices of the century, sings in San Jose on next Monday evening, October 20, at the opening event of the Concert Series. Accompanied by Norma Ditano, the young and beautiful San Franciscan will sing three operatic arias as well as Italian, French, German and English songs. Miss Ditano will play one group of piano solos.

When Florence Quartararo returned from her sensational Metropolitan Opera appearances to her hometown for a recital last spring, Alfred Frankenstein wrote in the San Francisco Chronicle: "Opera fans blitzed by Quartararo . . . an incredibly lovely voice . . ." Every report of the young soprano is similarly enthusiastic to the point of raving.

Tickets for La Quartararo are on sale at the Denny-Watrous box office, San Jose auditorium.

Prior to 1920, over $127,000,000 worth of ten-dollar gold pieces were minted in San Francisco.

JR. CHAMBER PLANS DINNER MEETING

Plans for a dinner meeting to be held next month at the International Kitchen were outlined at a meeting of the Niles Junior Chamber of Commerce held Monday evening at the Niles Justice Court.

Harry Cesari, president, presided, and suggested that the scout executives be invited to attend the November meeting as guests of the organization. It was also agreed that a member of the Niles Boy Scout Troop 2 be allowed to address the meeting as a part of his qualification for a public speaking merit badge.

F. F. A. CONTRACTS FIELD CULTIVATION

The boys of the Future Farmer Chapter of Washington Union High School have contracted for the cultivation of the 20 acres of cauliflower located in the field adjoining the school.

The members of the organization and their faculty advisor, Jed Oxborrow, will keep the crop weeded and will receive $100, the amount to help pay the expenses of Salvador Galvan, president of the unit, to the national convention this month in Kansas City, Missouri.

A WESTERNER IN WASHINGTON

By ALLEN DRURY

GROW CRITICAL

Some Western members of the Senate are beginning to take an increasingly critical view of the aid-to-Europe program and the government's general policies in dealing with the threat of Communistic encroachment.

Several are beginning to talk along lines reminiscent of the men who spent the years prior to World War II in fighting American aid to the opponents of tyranny in Europe.

It is possible that in doing so they may be sounding the death-knell of the bipartisan foreign policy which in two presidential elections has permitted the United States to present a united front to the rest of the world.

Sen. Henry Dworshak (R.,Idaho) for instance, argues with some logic that it is time to formulate a "consistent, logical over-all foreign policy instead of a policy based on piecemeal action."

It is time, he says, "to emphasize the need for cautious action by Congress. If there is to be a bipartisan policy then it must be truly bipartisan, with Congress having an equal share with the executive in developing the policy and administering it."

And Dworshak divides the proposed aid program sharply in two. It is one thing, he says, to keep people from starving, and with that he is wholeheartedly in agreement. But it is another to help rehabilitate their industries and attempt to influence the governmental policies by means of American aid.

Sen. Guy Cordon (R.,Ore.) shows a similar skepticism concerning the effectiveness of the American program. He too says there is much merit to relieving human misery, and in that field he wants this government to do all it can. But when it comes to a long-range industrial rehabilitation program as outlined in the Marshall Plan, he is not so sure.

It seems to him, Cordon says, that the United States may be doing itself more harm by attempting to "meddle" in the affairs of the European nations than it would if it would restrict its help solely to relief and "then let these people work out their own salvation."

Cordon thinks the United States should present its side of the case to them through the "Voice of America" program, but aside from that it should not attempt to influence the kind of government they select.

Sen. William F. Knowland (R., Cal.) although going along a little more willingly than his colleagues on the general intention of the Marshall Plan, has suggested a "puid pro quo" whereby nations seeking help would give the United States stockpiles of strategic materials which they possess in return for dollars with which to purchase American goods. Knowland's proposal represents the sort of quid pro quo which a good many members seem to be searching for as they approach the time for a decision on the European program.

All three of these Westerners are going overseas on the Appropriations Committee inspection trip and it may be that upon their return they will be disposed to grant more funds than they are now, and also to support a combined relief and rehabilitation program. From other sources on the Hill, however, it seems likely that their basic attitudes will not change much; and it seems probable that their thinking will coincide with that of a majority of their colleagues not only in the Senate but in the House as well.

Congress is taking a "show-me" attitude on this whole program, so much so that there is real danger that the program may be pretty well hacked to pieces by the time it is finally approved.

This does not necessarily indicate any sinister revival of isolationism—assuming sincere isolationism was ever sincere.

It may indicate the same sort of thing which isolationism indicated—an instinctive recoil from the apparently endless troubles of the Europeans and their old, sick continent which seems to do nothing but breed more wars for each new generation to suffer through.

feather-bedding!

For sheer feather-bedding, this mock work proposal takes the cake. But it is only one of 44 "rules" demands filed by the leaders of the operating unions. If all these demands were granted, they would cost the railroads an added BILLION DOLLARS A YEAR.

Increased Wages, Too

On top of these "rules" changes, the leaders of the operating unions have filed an additional demand for a wage increase of over 30 per cent. If granted, this would be an added cost to the railroads of $400,000,000 a year.

$468,000,000 To Non-Operating Employes

In addition to this, an Arbitration Board has just granted a wage increase of 15½ cents an hour to the million employes represented by the 17 non-operating unions. This will cost the railroads $468,000,000 a year.

Where Will The Money Come From?

Where will all the money come from to pay these increases? They total several times as much as the railroads made in 1946 or will make in 1947.

In July, the railroads filed an application for increased freight rates to close the gap which then existed between wage and material costs, and railroad revenues. Since then it has been necessary, because of further increases in wages and material costs, to supplement that petition and to ask for an additional freight rate increase. No other course is open.

Railroads Do Not Run For Employes Alone

Railroads are operated for the benefit of not one, but several groups—shippers, passengers, employes, stockholders, and the general public. The interest of all must be served—and that cannot be done unless the railroads can operate efficiently and economically, and unless they are allowed to earn sufficient revenue to provide the kind of transportation service this country MUST HAVE.

WASHINGTON TIES FREMONT IN FIRST S.C.V.A.L. GAME

A touchdown in the final minute of play that was called back by the officials for an offside penalty spelled the difference between victory and a 12 ot 12 tie last Saturday night for the Washington Huskies.

Coach Jud Taylor's eleven and the Fremont Indians, both top contenders for the Santa Clara Valley Athletic League crown, battled to a tie on the Washington gridiron in an encounter which was scheduled originally for Friday evening but was postponed 24 hours because of rain.

SCORE EARLY

The Huskies employed a bit of strategy that paid dividends in the early minutes of the fray. They won the toss and elected to kick rather than receive, reasoning that on the wet field the Indians might fumble and give them the ball in scoring position. That's just what happened.

The visitors in three plays managed to get to their own 44-yard line and there they fumbled and Washington recovered. The Huskies drove down the field and scored in seven plays, the touchdown coming in the form of a pass from Graber to Rodriquez. The try for point failed.

The Indians, however, came back strong and employing the T-formation, in a series of end sweeps tied the score early in the second quarter 6 to 6. The remainder of the first half was a see-saw affair with neither team seriously threatening to score.

HUSKIE LINE HOLDS

The Huskies were in a bad way in the opening minutes of the third quarter when Rodriquez' fumble on his own 25-yard stripe was recovered by the Indians. The Washington lads "dug in" and held the visitors and took over on downs. In the ensuing exchange of punts, Rodriquez put the visitors with their backs to the wall when he punted out of bounds on the Fremont 9-yard line.

The tables were quickly turned, however, when Salvador, Washington safety man, fumbled a bouncing punt and the Indians recovered on the Washington 20. The center of the Huskie forward wall, Encisco, Herring and Goularte, broke up the visitors' scoring attempt and Rodriquez booted out of immediate danger.

An elevator punt, straight up and down for a net gain of 7 yards, gave the ball to the Indians on the Huskie 40-yard line in the final stanza. The Indians completed a beautifully executed screen pass which took them to the Washington 5-yard line. The visitors drew in the Huskie defense with two smashes at the center of the line and then lateraled and skirted the end for the touchdown, giving them a lead of 12 to 6.

Fremont kicked and the Huskies opened an offensive drive that could not be denied with Rodriquez alternating hammering the line and flipping passes to Irv Alameda and Gil Orozco. They fought their way to the Indian 28 where tempers flared for brief moments but the officials put a quick end to the extra activities and the Huskies went on to score on a buck from the 3-yard stripe, with less than two minutes remaining in the game. The pass for attempted conversion, which could have turned the 12-12 tie into a 13-12 victory for the locals, was low.

CALLED BACK

The Indians took Goularte's kick on the 30-yard line and fumbled on the second play on the 32 and the ball was recovered by the Huskies. With but 30 seconds remaining in the game Rodriquez passed to Orozco in the end zone for what was apparently the winning touchdown, only to find an official's handkerchief on the turf designating an offside penalty against the locals.

The center of the Huskie line showed great improvement Saturday night with Phil Encisco, Jerry Morley, and big Fred Duffie turning in outstanding defensive performances.

Stand-outs for Coach Larry Rouble's aggregation were Half-back Wren, Quarterback Escalera and Tackle Orlando.

The starting lineup for the Huskies was:

G. Orozco, RE; F. Duffie, RT; D. Goularte, RG; J. Morley, C; P. Enciso, LG; J. Herring, LT; I. Alameda, LE; R. Halliday, QB; A. Graber, FB; R. Rodriquez, LH; J. Sankene, RH.

IRVINGTON DROPS TO THIRD PLACE IN LEAGUE STANDINGS

Niles, Decoto, and Irvington, Washington Township's three representatives in the Southern Alameda County Winter Baseball League, each suffered defeat Sunday.

Lowly Niles, with a record of five losses and no victories for the season, was thoroughly trounced on the Centerville diamond by the Hayward All-Stars by the lopsided score of 18 to 0. The All-Stars scored in six of the nine innings while the locals were never able to get a man around the circuit. Holderfield and Miller, starting battery for the Niles club, were relieved in the fifth by Vargas and Amaral.

TEAM FAILS TO SHOW

Al Ferreira, manager of the Marlo (Decoto) team, was handicapped Sunday when only a portion of his starting line-up appeared and he was forced to use pick-up players to fill out the roster. The Marlos went down in defeat to Ramos Drugs 10-6. Ferreira said yesterday that he is looking for additional talent for his club to finish out the remaining three games in the first half of the league play and the entire second half. He has asked that candidates contact him at the Marlo Packing Company plant in Decoto.

DROP TO THIRD

Frank Mayers' Irvington Club, second-place holders in the league until their defeat Sunday which dropped them into third spot, came out on the short end of an 8 to 2 score dealt them by the league leading and undefeated Ashland team on the Irvington diamond. Lopez, who started on the mound for the locals, pitched a beautiful six innings, getting nine strikeouts, but an Ashland rally in the seventh drove him from the mound and netted the visitors seven runs. He was replaced by A. Dutra. The Irvington lads were not able to overcome the overwhelming lead.

CLARIFY RULING ON GEESE POSSESSION

Clarification of the Federal regulations affecting possession of geese has been received from official sources, states Emil J. N. Ott Jr., executive director, Fish and Game Commission of California. Waterfowl shooters are advised to observe the following explanations:

The total bag limit, per day, is five geese—and these all may be of the white species—but in no daily bag limit, nor may one have in possession, more than two geese in the aggregate of any species known as Canada Geese (including Hutchins or "cacklers") White-fronted or "speckle-breasts," or Brant. This means one may take, or have in possession, five white geese; or four white geese and one of any of the above-mentioned species; or three white geese and two of any of the above species, in the aggregate.

If hunting in Canada or Mexico, only one possession limit (as per above) may be brought into any state during any one calendar week. And, this same regulation is in effect for transporting geese from Washington, Oregon, or California into any other state.

WASHINGTON '30'S' IN FIRST DEFEAT

The Washington "30's" bowed in their first defeat of the season last Saturday evening on the home field to the Fremont light-weights by a score of 6 to 0.

The visitors score came in the third quarter on a 45-yard breakaway touchdown run. Coach Irving Hird's locals played a hot-cold game racing down the field many times in what looked to be a scoring drive only to weaken and lose the ball on downs.

GRAND NATIONAL ENTRY RECORD SET

All previous records for entries of beef and dairy cattle, sheep and swine in the Grand National Livestock Exposition, Horse Show and Rodeo have been shattered, it was announced this week by Nion R. Tucker, president.

A snap tally showed that 3,457 head of livestock have been entered, 1,031 more than were exhibited in the 1946 show. Competing for $77,666 in cash premiums this year will be 1,537 beef cattle, 467 dairy cattle, 751 swine and 702 sheep.

The Grand National—combination of four great shows in one—multi-million dollar parade of livestock, official International Rodeo Association World Championship Finals, glittering society horse show, and famous circus acts—opens in San Francisco's Cow Palace Nov. 1 for a nine-day run.

With the books closed on livestock, every indication points toward another record in horse show competition with entries still pouring in, Tucker said.

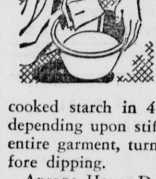
HINTS FOR HOMEMAKERS

TIPS FOR GOOD STARCHING

by the HOMEMAKING SPECIALISTS of the *General Electric Consumers Institute*

The practice of using starch has fallen into disuse in many households. Some homemakers feel that it is a bothersome laundering step which can just as well be eliminated.



However, starch, if used sparingly, is very desirable. It gives cotton goods a fabric crispness and finish, helping garments to shed dirt better. It's important for meticulous homemakers to know when and how much of this laundry aid to use. So here are pointers for using starch from the General Electric Consumers Institute. See if your clothes don't look fresher, keep that crisp look longer.

When To Starch

Light starching makes clothes stay clean longer, but too heavily starched clothes wear out faster. Starching is done after clothes are thoroughly rinsed. Wring out the clothes after the last rinse, shake and dip them in your starch solution and squeeze damp-dry.

If you are ironing with a handiron, linens will be made softer, smoother, and apparently cooler to the touch if starched. But DO NOT STARCH them if ironing with a flatplate or rotary ironer as the pressure of these ironers will produce a satisfactory crispness.

Mixture

Make the starch while the clothes are washing. Mix one-half cup of dry starch with one cup of cold water. Add two quarts of boiling water, stirring constantly as the liquid clears. Cook over slow heat for five minutes. When ready to use, remove the scum from the top and strain the rest through a sieve. Thin and cool to the proper thickness and temperature.

The finished starch should pour like heavy coffee cream. This is your basic starch mixture, which should not be used "straight," but should be diluted to suit the material to be starched.

When To Use

Shirts—Mix equal parts of cooked starch and clear, lukewarm water. Gather shirt up so that collars cuffs, and front button and buttonhole hems can be dipped.

Children's Dresses and Suits—Dilute 1 cup cooked starch in 4 to 5 cups water depending upon stiffness desired. Dip entire garment, turning inside out before dipping.

Aprons, House Dresses, Etc.—Dilute 1 cup cooked starch in 4 to 5 cups lukewarm water. Use a slightly heavier starch, if desired, for aprons than for housedresses.

Colored Clothes—Do not have starch as hot as for white clothes. Let it cool after boiling. Turn garments of similar color inside out and dip in starch.

HOME ARTS FAIR, OPEN TO PUBLIC, TO FEATURE PRODUCTS OF COOKS, ARTISTS

An event which promises to be an especially gala occasion as well as a profitable one for those who attend is being eagerly awaited by women of the township who like to take advantage of home-cooked food sales and handiwork sales.

The Home Arts section of the Country Club is putting on a Fair, open to the public, to be held at the Country Club on November 4 at three o'clock.

The Fair will feature home-baked cakes, pies, desserts, jellies, etc., as well as handmade aprons, pot-holders, dry flower arrangements appropriate for the holiday season, and other miscellaneous items.

Plans for the Fair were completed at the regular meeting held last Tuesday night. It was also announced that in addition to the sales, there will be a display of ceramics which won prizes at the State Fair for students of Washington High, and of leather work, also done at the high school.

The dry flower arrangements will be sold in pottery containers made at the California Pottery, and will undoubtedly be greatly in demand, as a well known ceramist designed them.

Mrs. Warren Gravestock is general chairman of the Fair, and will be assisted by the following: Mrs. Allen Norris, flower arrangements; Mrs. Frank Katzer, food; Mrs. Lyle Buehler, canned foods; Mrs. W. F. Lamoreux, aprons; and Mrs. Francis Coefield, miscellaneous handiwork. Mrs. Wilda Mette is in charge of the musical program for the afternoon.

The regular business meeting, open to members only, will precede the Fair, which will be open to the general public.

Local Man Claims German Girl as Bride

The first German bride to come to the township since World War II is the distinction claimed by Mrs. Edward J. Luiz of Centerville, who is the former Therese Zenk of Munich, Germany.

The lovely blonde German girl became the wife of the Centerville man last Monday at a nuptial mass at Holy Ghost Church in Centerville.

A former bookkeeper with the American Military Government in Germany, the German girl met her husband-to-be when he was serving with the armed forces in Germany. They corresponded after he arrived home and finally he sent for her, to become his bride. She made the trip across the Atlantic by plane and arrived in this country in September.

Mr. Luiz is the son of Mr. and Mrs. J. D. Luiz of this community. His brother, Mr. Raymond Luiz, acted as best man at the early morning ceremony; and Miss Wilma Pharris of San Jose was the maid of honor.

The bride wore the traditional white with finger-tip veil and carried an orchid and a prayer book. The maid of honor was in a taffeta frock of deep rose.

During the mass, Mrs. Velma Lewis played appropriate organ selections as background music.

The young couple will greet their friends this Sunday afternoon at an open house to be held at the home of the benedict's parents.

She left Tuesday for the hospital and expects to be there for three months.

Those who attended the party, which was given at the Marshall home in Canyon Heights, included Margaret's high school friends: Jean Hill, Marcia Stanger, Ronnie Savage, Bill Jones, Charles Stanger, Sammy Garcia, John Meeker, Joan Pereira, Shirley and Barbara Neighbors, R. 75 MILLION MORE NEEDED BY SCHOOLS

Assemblyman Francis Dunn Jr. this week told the Southern Council Tax Committee of the California State Chamber of Commerce that a survey made by the Department of Education and reported to the interim Committee on Education, of which he is chairman, had developed the fact that school districts throughout the state faced costs in excess of 75 million dollars over their ability to finance buildings needed to house the present school population. In the face of this, the 20 million dollars made available to impoverished school districts by the 1947 legislature will hardly scratch the surface of need for added school facilities.

Said Assemblyman Dunn: "Even where school districts have been able to go ahead and build, construction has never kept pace with population growth. We are almost assured of doubling our present school population in less than ten years."

Shortage of qualified teachers, together with the monumental task of catching up with war time shortages of text books, are also matters about which the legislative committee is concerned.

Assemblyman Dunn expressed hope that some relief might be afforded by increased use of motion pictures and other forms of visual aid. A proposal to establist an educational broadcasting system will be carefully considered by his committee.

ST. JUDE'S PLANS FOR TWO EVENTS

Distinguished visitors at the regular meeting of St. Jude Institute No. 163, Y.L.I., last Tuesday were Father Reardon of Mission San Jose, who has returned from Lisbon, and also District Deputy Albert Peixoto and members of All Saints Institute of Hayward.

Plans for the Halloween party, which will be held on October 28, were discussed and the committee chosen as follows: Emily Garcia, chairman; co-chairmen: Pearl Guardanapo, Emily Smith, Alberta George, Mary Goularte and Adeline Harvey from Mission San Jose. It was decided to make it a Masquerade Party.

Plans for the annual card party were also discussed. This event is scheduled for November 5 at the Irvington Grammar School.

The members of the Institute participated at the Columbus Day parade of the Y.M.I. of Santa Clara on Sunday, Oct. 12.

FACES DRUNKEN DRIVING CHARGE

Toshiaki Idota, Newark, charged with drunken driving, entered a plea of not guilty last Friday in Niles Justice Court and Judge E. A. Quaresma set the time of trial for 9:30 a.m., November 13.

Leroy A. Broun, attorney for the defendant, first indicated that he would request a jury trial but later waived jury trial for a court trial. He requested the extended time for the date of the trial to afford him the opportunity of locating an interpreter for his Japanese client who does not speak English.

Helps Save Daily Slice of Bread

American housewives can take a conservation tip from Gloria Whalen, popular Walter Thornton pin-up model, who carefully recloses the waxed paper wrapper on a loaf of bread immediately after preparing her "between exercise" snack. Reclosing protects the freshness of the loaf, prevents waste, and lends support to President Truman's "Save Food for Europe" program. One slice of bread saved by each housewife, says the U. S. Department of Agriculture, means a national saving of one million pounds of bread daily.

CENTERVILLE CUBS BEGIN ACTIVITIES

The fall "kickoff meeting" of the committee and leaders of the Centerville Cub Scouts was held Monday evening at the Centerville Elementary School with an estimated 40 persons present.

Tom Maloney presided and introduced the Den Mothers who will serve this year, Mrs. Allen Norris, Mrs. Allan Walton, Mrs. Nick Lewis, and Mrs. Jack Kleine. It was announced that Mrs. Kleine's troop will meet each Thursday; Mrs. Lewis', Mrs. Walton's and Mrs. Norris troops will meet each Friday.

Phil Sousa, neighborhood scout commissioner, and Carl Nordvik, cubmaster, spoke briefly at the meeting. The committee will meet next week to complete arrangements for a Halloween party for the cubs.
